**PROXY STATEMENT
FOR THE SPECIAL MEETING IN LIEU OF
THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON DECEMBER 21, 2016**

General

This proxy statement is being furnished in connection with the solicitation of proxies by the Board of Directors of Pressure BioSciences, Inc., a Massachusetts corporation, with its principal executive offices located at 14 Norfolk Avenue, South Easton, MA 02375, for use at the Special Meeting in Lieu of the Annual Meeting of Stockholders to be held on December 21, 2016 at 4:00 p.m. and at any adjournments or postponements thereof (the "Meeting") for the purposes set forth herein and in the accompanying Notice of Special Meeting in Lieu of the Annual Meeting of Stockholders. In this proxy statement we refer to Pressure BioSciences, Inc. as "PBI," "the Company," "we," or "us".

The enclosed proxy relating to the Meeting is solicited on behalf of the Company's Board of Directors (the "Board of Directors" or the "Board") and the cost of such solicitation will be borne by the Company. Certain of the Company's officers and regular employees may solicit proxies by correspondence, telephone, or in person, without extra compensation. We will also pay to banks, brokers, nominees, and certain other fiduciaries their reasonable expenses incurred in forwarding proxy material to the beneficial owners of securities held by them. It is expected that this proxy statement, the accompanying notice of Meeting, proxy card, and Annual Report on Form 10-K for the fiscal year ended December 31, 2015 will be sent or given to stockholders on or about November 14, 2016.

Voting Securities and Record Date

Stockholders of record of the Company's common stock, \$0.01 par value (the "Common Stock"), at the close of business on October 28, 2016, the record date for the Meeting, will be entitled to receive notice of, and to vote at, the Meeting. As of October 28, 2016, there were issued and outstanding 30,468,862 shares of Common Stock, all of which are entitled to vote. Each share of Common Stock outstanding at the close of business on the record date is entitled to one vote on each matter that is voted. In addition, as of October 28, 2016, there were issued and outstanding 300 shares of the Company's Series D Convertible Preferred Stock, par value \$0.01 per share ("Series D Preferred Stock"), 86,570 shares of the Company's Series G Convertible Preferred Stock, par value \$0.01 per share ("Series G Preferred Stock"), 10,000 shares of the Company's Series H Convertible Preferred Stock, par value \$0.01 per share ("Series H Preferred Stock"), 21 shares of the Company's Series H2 Convertible Preferred Stock, par value \$0.01 per share ("Series H Preferred Stock"), 3,546 shares of the Company's Series J Convertible Preferred Stock, par value \$0.01 per share ("Series J Preferred Stock") and 6,816 shares of the Company's Series K Convertible Preferred Stock, par value \$0.01 per share ("Series K Preferred Stock"). The shares of Preferred Stock are not entitled to vote on any proposal to be presented at the Meeting.

Quorum

A quorum, consisting of the holders of a majority of the shares of Common Stock issued, outstanding, and entitled to vote at the Meeting, will be required to be present in person or by proxy for the transaction of business at the Meeting. Stockholders of record present at the Meeting in person or by proxy, abstentions, and "broker non-votes" (as defined below) are counted as present or represented at the Meeting for the purpose of determining whether a quorum exists. A "broker non-vote" occurs when a broker, bank, or representative ("broker or representative") does not vote on a particular matter because it either does not have discretionary voting authority on that matter or it does not exercise its discretionary voting authority on that matter.

Manner of Voting

Stockholders of Record

Shares entitled to be voted at the Meeting can only be voted if the stockholder of record of such shares is present at the Meeting or returns a signed proxy card. Shares represented by a valid proxy will be voted in accordance with your instructions.

A stockholder of record who votes his or her shares by returning a proxy card, may revoke the proxy at any time before the stockholder's shares are voted at the Meeting by written notice to the Clerk of the Company received prior to the Meeting, by executing and returning a later dated proxy card prior to the Meeting, or by voting by ballot at the Meeting.

Beneficial Stockholders

If you hold your shares through a broker or representative, you can only vote your shares in the manner prescribed by the broker or representative. Detailed instructions from your broker or representative will generally be included with your proxy material. These instructions may also include information on whether your shares can be voted by telephone or over the Internet or the manner in which you may revoke your votes. If you choose to vote your shares by telephone or over the Internet, you should follow the instructions provided by the broker or representative.

Voting of Proxies

The votes of stockholders present in person or represented by proxy at the Meeting will be tabulated by an inspector of elections appointed by the Company. Shares represented by proxy will be voted in accordance with your specific instructions. If you sign and return your proxy card without indicating specific instructions, your shares will be voted FOR each proposal. If any other matters shall properly come before the Meeting, the authorized proxy will be voted by the proxies in accordance with their best judgment.

If you hold your shares as a beneficial owner rather than a stockholder of record, your broker or representative will vote the shares that it holds for you in accordance with your instructions (if timely received) or, in the absence of such instructions, your broker or representative may vote on certain matters for which it has discretionary voting authority. Your broker will be permitted to vote your shares on Proposal No. 2 without your instructions. All other proposals are considered “non-routine” matters and your broker or representative does not have discretionary voting authority with respect to these matters. Therefore, the shares that do not receive voting instructions will be treated as “broker non-votes.”

Required Vote

Abstentions and broker non-votes are included in the number of shares present or represented for purposes of a quorum, but are not considered as shares voting or votes cast with respect to any matter presented at the Meeting.

The affirmative vote of the holders of a plurality of the votes cast by stockholders at the Meeting is required for Proposal No. 1 to elect the nominees as Class II Directors of the Company. Abstentions and broker non-votes will not have any effect on the Proposal No. 1 to elect directors.

With respect to Proposal No. 2, our Amended and Restated Bylaws, as amended, do not require that our stockholders ratify the appointment of MaloneBailey LLP as our independent registered public accounting firm. However, we are submitting the proposal for ratification as a matter of good corporate governance. If our stockholders do not ratify the appointment, the Audit Committee will reconsider whether or not to retain MaloneBailey LLP. Even if the appointment is ratified, the Audit Committee, at its discretion, may change the appointment at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders. Ratification of the appointment of MaloneBailey LLP as the Company’s independent registered public accounting firm requires the affirmative vote of the holders of a majority of the votes cast at the Meeting for Proposal No. 2. As abstentions are not considered to be “votes cast”, abstentions will not have any effect on Proposal No. 2. As Proposal No. 2 is considered to be a “routine” matter for which a stockholder’s broker is permitted to vote a stockholder’s shares without such stockholder’s instructions, there will not be any broker non-votes with regard to Proposal No. 2.

The affirmative vote of the holders of two-thirds of the Company’s issued and outstanding Common Stock is required for the approval of Proposal Nos. 3 and 4. Abstentions and broker non-votes will have the effect of a “no” vote on these proposals. The affirmative vote of the holders of a plurality of the votes cast by stockholders at the Meeting is required for Proposal No. 5 to approve, on an advisory basis, the compensation of the Company’s named executive officers, as disclosed in the proxy statement accompanying this notice. As abstentions and broker non-votes are not considered to be “votes cast”, abstentions and broker non-votes will not have any effect on Proposal No. 5. The affirmative vote of a majority of the votes cast at the Meeting is required for the approval of Proposal No. 6. As abstentions and broker non-votes are not considered to be “votes cast”, abstentions and broker non-votes will not have any effect on Proposal No 6.

Shares of Common Stock subject to options, warrants, preferred stock or other securities convertible into Common Stock that are currently exercisable or convertible, or exercisable or convertible within 60 days of October 28, 2016, are deemed outstanding for computing the percentage of the person holding the option, warrant, preferred stock, or convertible security but are not deemed outstanding for computing the percentage of any other person.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

At the Meeting, two Class II Directors are to be elected to serve until the 2019 Annual Meeting of Stockholders and until his successor has been duly elected and qualified. The Board of Directors, upon the recommendation of the Nominating Committee, has nominated Mr. Vito Mangiardi and Mr. Kevin Pollack as Class II Directors. Mr. Mangiardi and Mr. Pollack are currently directors of the Company and have not been nominated pursuant to any arrangement or understanding with any person.

The Company's Restated Articles of Organization, as amended (the "Articles of Organization"), and Amended and Restated Bylaws, as amended (the "Bylaws"), provide that our Board of Directors shall be divided into three classes. At each annual meeting of stockholders, the directors elected to succeed those whose terms expire are identified as being in the same class as the directors they succeed and are elected to hold office for a term to expire at the third annual meeting of stockholders after their election, and until their respective successors are duly elected and qualified, unless an adjustment in the term to which an individual director shall be elected is made because of a change in the number of directors.

Our Articles of Organization and Bylaws do not require our stockholders to elect any directors in a class the term of office of which extends beyond the Meeting. The terms of office of Mr. Mangiardi and Mr. Pollack, the Company's Class II Directors, expire at the 2016 Meeting. The terms of office of the Class I Directors and Class III Director, comprised of Mr. Peterson, Mr. Schumacher and Dr. Urdea, continue after the Meeting.

At the Meeting, it is the intention of the persons named as proxies to vote for the election of Mr. Mangiardi and Mr. Pollack as Class II Directors. In the unanticipated event that Mr. Mangiardi and/or Mr. Pollack should be unable to serve, the persons named as proxies will vote the proxy for such substitute(s), if any, as the present Board of Directors may designate or the present Board of Directors may reduce the number of directors.

In selecting members for our Board of Directors, we consider each individual's unique and diversified background and expertise. We believe that selecting directors with a wide range of talents and skills provides a functional diversity that allows our Board to provide strong leadership. The following noteworthy experience, qualifications, attributes and skills for each Board member, together with the biographical information for each nominee described below, led to our conclusion that the person should serve as a director of PBI in light of our business and structure:

- Mr. Jeffrey N. Peterson, the Chairman of our Board, is the CEO of Target Discovery, Inc., a personalized medicine diagnostics company, and has broad executive, general management, multi-functional, multi-business, and international experience.

 - Dr. Michael S. "Mickey" Urdea founded and is a Partner for Halteres Associates, a biotechnology consulting firm. Corporate Governance

Board of Directors and Committee Meetings; Annual Meeting Attendance. The Board of Directors held seven (7) meetings between January 1, 2015 and December 31, 2015. All of the directors attended at least 80% of those meetings. All of the Company's directors are encouraged to attend the Company's annual meetings of stockholders. One of the directors attended the Company's 2015 Special Meeting in Lieu of the Annual Meeting of Stockholders.

Board Independence. The Board of Directors has reviewed the qualifications of each of Messrs. Mangiardi, Peterson, Urdea and Pollack, constituting more than a majority of the Company's current directors, and has affirmatively determined that each individual is, or at the time of their service was, "independent" as such term is defined under the current listing standards of the Nasdaq Stock Market. The Board of Directors has determined that none of these directors has a material relationship with the Company that would interfere with the exercise of independent judgment. In addition, each member of the Audit Committee is independent as required under Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

Stockholder Communications. Any stockholder wishing to communicate with any of the Company's directors regarding the Company may write to the director, c/o Clerk, Pressure BioSciences, Inc., 14 Norfolk Avenue, South Easton, MA 02375. The Clerk will forward any reasonable communications directly to the director(s).

Code of Ethics. Pursuant to Section 406 of the Sarbanes-Oxley Act of 2002, the Company has adopted a Code of Ethics for Senior Financial Officers that applies to the Company's principal executive officer, principal financial officer, principal accounting officer, controller, and other persons performing similar functions. A copy of the code of ethics is posted on, and may be obtained free of charge from the investor relations portion of the Company's website at www.pressurebiosciences.com. If the Company makes any amendments to its Code of Ethics or grants any waiver, including any implicit waiver, from a provision of this Code of Ethics to the Company's principal executive officer, principal financial officer, principal accounting officer, controller, or other persons performing similar functions, the Company will disclose the nature of such amendment or waiver, the name of the person to whom the waiver was granted and the date of waiver in a Current Report on Form 8-K.

Board Leadership Structure and Role in Risk Oversight

The Board of Directors has responsibility for establishing broad corporate policies and reviewing our overall performance rather than day-to-day operations. The Board's primary responsibility is to oversee the management of the Company and, in so doing, serve the best interests of the Company and its stockholders. The Board selects, evaluates and provides for the succession of executive officers and, subject to stockholder election, directors. It reviews and approves corporate objectives and strategies, and evaluates significant policies and proposed major commitments of corporate resources. The Board participates in decisions that have a potential major economic impact on the Company and its stockholders. Management keeps the directors informed of Company activity through regular written reports and presentations at Board and committee meetings.

The Board of Directors is led by its Chairman, Mr. Peterson. Each of our Audit, Nominating and Compensation Committees provide oversight and assess risk in their respective areas. In addition, the Board and each committee have an active role in overseeing management of our Company's risk. The Board regularly reviews information regarding our operations, credit, and liquidity, as well as the risks associated with each.

Board Committees

Standing committees of the Board of Directors include an Audit Committee, a Compensation Committee, and a Nominating Committee.

Audit Committee.

Messrs. Mangiardi, Peterson and Pollack are currently the members of the Audit Committee, with Mr. Pollack serving as Chairman.

The Board of Directors has determined that Mr. Pollack qualifies as an "audit committee financial expert" as defined in Item 407(d)(5) of Regulation S-K.

The Audit Committee operates pursuant to a written charter (the "Audit Committee Charter"), a current copy of which is publicly available on the investor relations portion of the Company's website at www.pressurebiosciences.com. Under the provisions of the Audit Committee Charter, the primary functions of the Audit Committee are to assist the Board of Directors with the oversight of (i) the Company's financial reporting process, accounting functions, and internal controls, and (ii) the qualifications, independence, appointment, retention, compensation, and performance of the Company's independent registered public accounting firm. The Audit Committee is also responsible for the establishment of "whistle-blowing" procedures, and the oversight of other compliance matters. The Audit Committee held four (4) meetings during fiscal 2015.

Compensation Committee.

General

Messrs. Mangiardi, Peterson and Pollack are currently the members of the Compensation Committee, with Mr. Mangiardi serving as chairman. The Compensation Committee operates pursuant to a written charter, a current copy of which is publicly available on the investor relations portion of the Company's website at www.pressurebiosciences.com. The primary functions of the Compensation Committee include (i) reviewing and approving our executive compensation, (ii) reviewing the recommendations of the President and Chief Executive Officer regarding the compensation of our executive officers, (iii) evaluating the performance of the President and Chief Executive Officer, (iv) overseeing the administration and approval of grants of stock options and other equity awards under our equity incentive plans, and (v) recommending compensation for our Board of Directors and each committee thereof for review and approval by the Board of Directors. The Compensation Committee held one (1) meeting during fiscal 2015.

The Compensation Committee may form and delegate authority to one or more subcommittees as it deems appropriate from time to time under the circumstances (including (a) a subcommittee consisting of a single member and (b) a subcommittee consisting of at least two members, each of whom qualifies as a "non-employee director," as such term is defined from time to time in Rule 16b-3 promulgated under the Exchange Act, and an "outside director," as such term is defined from time to time in Section 162(m) of the Internal Revenue Code of 1986, as amended, and the rules and regulations thereunder).

Compensation Objectives

In light of the relatively early stage of commercialization of our products, we recognize the importance of attracting and retaining key employees with sufficient experience, skills, and qualifications in areas vital to our success, such as operations, finance, sales and marketing, research and development, engineering, and individuals who are committed to our short- and long-term goals. The Compensation Committee has designed our executive compensation programs with the intent of attracting, motivating, and retaining experienced executives and, subject to our limited financial resources, rewarding them for their contributions by offering them a competitive base salary, potential for annual cash incentive bonuses, and long-term equity-based incentives, typically in the form of stock options. The Compensation Committee strives to balance the need to retain key employees with financial prudence given our history of operating losses, limited financial resources and the early stage of our commercialization.

Executive Officers and Director Compensation Process

The Compensation Committee considers and determines executive compensation according to an annual objective setting and measurement cycle. Specifically, corporate goals for the year are initially developed by our executive officers and are then presented to the Board of Directors and Compensation Committee for review and approval. Individual goals are intended to focus on contributions that facilitate the achievement of the corporate goals. Individual goals are first proposed by each executive officer, other than the President and Chief Executive Officer, then discussed by the entire senior executive management team and ultimately compiled and prepared for submission to the Board of Directors and the Compensation Committee, by the President and Chief Executive Officer. The Compensation Committee sets and approves the goals for the President and Chief Executive Officer. Generally, corporate and individual goals are set during the first quarter of each calendar year. The objective setting process is coordinated with our annual financial planning and budgeting process so our Board of Directors and Compensation Committee can consider overall corporate and individual objectives in the context of budget constraints and cost control considerations. Annual salary increases, bonuses, and equity awards, such as stock option grants, if any, are tied to the achievement of these corporate and individual performance goals as well as our financial position and prospects.

Under the annual performance review program, the Compensation Committee evaluates individual performance against the goals for the recently completed year. The Compensation Committee's evaluation generally occurs in the first quarter of the following year. The evaluation of each executive (other than the President and Chief Executive Officer) begins with a written self-assessment submitted by the executive to the President and Chief Executive Officer. The President and Chief Executive Officer then prepares a written evaluation based on the executive's self-assessment, the President and Chief Executive Officer's evaluation, and input from others within the Company. This process leads to a recommendation by the President and Chief Executive Officer for a salary increase, bonus, and equity award, if any, which is then considered by the Compensation Committee. In the case of the President and Chief Executive Officer, the Compensation Committee conducts his performance evaluation and determines his compensation, including salary increase, bonus, and equity awards, if any. We generally expect, but are not required, to implement salary increases, bonuses, and equity awards, for all executive officers, if and to the extent granted, by April 1 of each year.

Non-employee director compensation is set by our Board of Directors upon the recommendation of the Compensation Committee. In developing its recommendations, the Compensation Committee is guided by the following goals: compensation should be fair relative to the required services for directors of comparable companies in our industry and at our company's stage of development; compensation should align directors' interests with the long-term interest of stockholders; the structure of the compensation should be simple, transparent, and easy for stockholders to understand; and compensation should be consistent with the financial resources, prospects, and competitive outlook for the Company.

In evaluating executive officer and director compensation, the Compensation Committee considers the practices of companies of similar size, geographic location, and market focus. In order to develop reasonable benchmark data, the Compensation Committee has referred to publicly available sources such as Salary.com and the BioWorld Survey. While the Compensation Committee does not believe benchmarking is appropriate as a stand-alone tool for setting compensation due to the unique aspects of our business objectives and current stage of development, the Compensation Committee generally believes that gathering this compensation information is an important part of its compensation-related decision making process.

The Compensation Committee has the authority to hire and fire advisors and compensation consultants as needed and approve their fees. No advisors or compensation consultants were hired or fired in fiscal 2015.

The Compensation Committee is also authorized to delegate any of its responsibilities to subcommittees or individuals as it deems appropriate. The Compensation Committee did not delegate any of its responsibilities in fiscal 2015.

Nominating Committee.

Messrs. Mangiardi, Peterson and Pollack are currently the members of the Company's Nominating Committee with Mr. Peterson serving as Chairman. The Nominating Committee operates pursuant to a written charter, a current copy of which is publicly available on the investor relations portion of the Company's website at www.pressurebiosciences.com. The Nominating Committee held one (1) meeting during fiscal year 2015.

The primary functions of the Nominating Committee are to (i) identify, review, and evaluate candidates to serve as directors of the Company, (ii) make recommendations of candidates to the Board of Directors for all directorships to be filled by the stockholders or the Board of Directors, and (iii) serve as a focal point for communication between such candidates, the Board of Directors, and management.

The Nominating Committee may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms, or other appropriate sources. For all potential candidates, the Nominating Committee may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the Board of Directors, and concern for the long-term interests of the stockholders. These criteria include whether the candidate assists in achieving a mix of Board members that represents diversity of background and professional experience, including with respect to ethnic background, age and gender. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a stockholder wishes to recommend a candidate for director for election at the 2017 Annual Meeting of Stockholders, he or she must follow the procedures described below under "Stockholder Proposals."

Audit Committee Report

The Audit Committee has reviewed and discussed the Company's audited financial statements for the year ended December 31, 2015 with management of the Company. The Audit Committee also discussed with MaloneBailey LLP ("MaloneBailey"), the Company's independent registered public accounting firm for 2015, the matters required to be discussed by the Auditing Standards Board Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee has also received and reviewed the required written disclosures and a confirming letter from MaloneBailey under applicable requirements of the Public Accounting Oversight Board regarding MaloneBailey's independence, and has discussed the matter with MaloneBailey.

Based upon its review and discussions of the foregoing, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements for the year ended December 31, 2015 be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015.

PROPOSAL NO. 2

RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

You are being asked to ratify the Board of Directors' appointment of MaloneBaily LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016. MaloneBaily LLP has served as the Company's independent registered public accounting firm since July 1, 2015. A representative of MaloneBaily LLP is expected to attend the Meeting and will have an opportunity to make a statement and respond to appropriate questions. Refer to the Audit Committee Report and the information under the heading "Independent Registered Public Accounting Firm" in this proxy statement for information regarding services performed by, and fees paid to, Marcum LLP (our previous independent registered public accounting firm) during the year 2014.

Our Bylaws do not require that our stockholders ratify the appointment of MaloneBaily LLP as our independent registered public accounting firm. However, we are submitting the proposal for ratification as a matter of good corporate governance. If our stockholders do not ratify the appointment, the Audit Committee will reconsider whether or not to retain MaloneBaily LLP. Even if the appointment is ratified, the Audit Committee, at its discretion, may change the appointment at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

Vote Required

The affirmative vote of the holders of a majority of the votes cast at the Meeting is required for the approval of Proposal No. 2.

Board Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "**FOR**" PROPOSAL NO. 2, THE RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee appointed MaloneBaily LLP ("MaloneBaily"), an independent registered public accounting firm, to audit the Company's consolidated financial statements for the fiscal year ending December 31, 2015. In prior years Marcum LLP, and its predecessor UHY LLP ("UHY"), had served as the Company's independent registered public accounting firm since September 14, 2006. A representative of MaloneBaily will be available during the Meeting to make a statement if such representative desires to do so and to respond to questions.

Independent Registered Public Accounting Fees

The following is a summary of the fees billed to the Company by Marcum, the Company's previous independent registered public accounting firm, for the fiscal year ended December 31, 2015 and 2014:

	Fiscal 2015 Fees	Fiscal 2014 Fees
Audit Fees	\$ 126,620	\$ 140,184
Audit-Related Fees	20,354	20,762
Tax and Other Fees	-	-
	<u>\$ 146,974</u>	<u>\$ 160,946</u>

Audit Fees. Consist of aggregate fees billed for professional services rendered for the audit of the Company's consolidated financial statements and review of the interim consolidated financial statements included in quarterly reports, as well as services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements.

Audit-Related Fees. Consist of aggregate fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements and are not reported under "Audit Fees." Fees billed for 2015 were associated with the S-8 filing and while 2014 fees were associated with derivative valuations. There were no other fees for services rendered by Marcum other than those described above.

Audit Committee Policy on Pre-Approval of Services

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services, and other services. Pre-approval is generally provided for up to one year. The Audit Committee may also pre-approve particular services on a case-by-case basis.

PROPOSAL NO. 3

APPROVAL OF AMENDMENT TO THE COMPANY'S ARTICLES OF ORGANIZATION TO INCREASE THE AUTHORIZED COMMON STOCK

We require additional capital to fund our continuing operations. We may not have enough authorized but unissued shares of Common Stock to raise needed capital through an equity financing. An equity financing may be the best or only financing alternative available to us and there may not be sufficient time to seek stockholder approval of a specific equity financing transaction given our limited cash resources.

In addition, we do not have enough authorized but unissued shares of Common Stock available to satisfy all of our obligations under equity incentive plans, outstanding convertible securities, convertible notes and warrants. As of the Record Date, there were approximately 30.5 million shares of Common Stock issued and outstanding. In addition, as of the Record Date, there were approximately 15.1 million shares of Common Stock issuable upon conversion of the Company's Series D Preferred Stock, Series G Preferred Stock, Series J Preferred Stock, Series H Preferred Stock and Series K Preferred Stock, 51.8 million shares of Common Stock reserved for issuance upon exercise of or conversion of outstanding warrants and convertible loans, 5.3 million shares of Common Stock reserved for issuance upon exercise of outstanding stock options, and additional 4.5 million shares reserved for issuance for future awards under our 2005 Equity Incentive Plan, our 2013 Equity Incentive Plan, and our 2015 Non-Qualified Stock Option Plan. Based on the number of outstanding and reserved shares of Common Stock described above, in order to satisfy all such obligations, we would need to increase the authorized shares of Common Stock.

For these reasons, we are seeking stockholder approval to authorize our Board of Directors, in its sole discretion, to amend Article IV of our Articles of Organization to increase the number of authorized shares of Common Stock of the Company by up to an additional 50 million through one or more amendments to our Articles of Organization made during the twelve months after the date of this Meeting. This approval will give our Board of Directors additional flexibility to act in the best interests of the Company and our stockholders.

If Proposal No. 3 is approved by the stockholders, the Board of Directors will have the authority, in its sole discretion and without further action by stockholders, to increase the authorized shares of Common Stock through one or more amendments to the Articles of Organization at any time within twelve months from the Meeting by up to an additional 50 million shares of Common Stock. Assuming that the stockholders approve the amendment to increase the number of authorized shares of Common Stock, and subsequently, our Board of Directors decides to move forward to implement the amendment, the amendment will be effective upon its filing with the Secretary of the Commonwealth of the Commonwealth of Massachusetts. Our Board of Directors reserves the right, notwithstanding stockholder approval and without further action by the stockholders, to decide not to proceed with increasing the number of shares of authorized Common Stock if our Board of Directors determines, in its sole discretion, that such actions are in the best interests of the Company and its stockholders. In addition, even if this Proposal No. 3 is approved by the stockholders, the Board of Directors will not effectuate the increase to the authorized number of shares of Common Stock if both: (a) Proposal No. 4 is approved by the stockholders; and (b) the Board of Directors effectuates a reverse stock split of our Common Stock at any time within twelve months following the Meeting.

If approved by our stockholders, the additional authorized shares of Common Stock would be available for issuance for any proper corporate purpose as determined by our Board of Directors without further approval by the stockholders, except as required by law. Our Board of Directors is seeking approval of the amendment to our Articles of Organization to increase our authorized Common Stock now because opportunities requiring prompt action may arise in the near future and our Board of Directors believes the delay and expense in seeking stockholder approval for additional authorized Common Stock at that time could deprive the Company and our stockholders of the ability to benefit effectively from such opportunities. Other than as described below, as of the date of this proxy statement, we have no current intended uses for the additional shares that would be available for issuance following approval of the amendment to our Articles of Organization to increase our authorized Common Stock by our stockholders, we continue to actively seek additional financing opportunities, including through the issuance of our equity securities, and a transaction involving the issuance of additional shares of our Common Stock could arise at any time following the date of this proxy statement. In addition, the Company may be required to issue additional shares of Common Stock in excess of the current number of authorized but unissued shares under the terms of our equity incentive plans, outstanding convertible securities, convertible notes and warrants.

The additional shares of Common Stock to be authorized will have rights identical to our currently outstanding Common Stock. The proposed amendment will not affect the par value of the Common Stock, which will remain at \$0.01 per share. Under our Articles of Organization, our stockholders do not have preemptive rights to subscribe to additional securities that we may issue; in other words, current holders of Common Stock do not have a prior right to purchase any new issue of our capital stock to maintain their proportionate ownership of Common Stock. If we issue additional shares of Common Stock or other securities convertible into Common Stock in the future, it will dilute the voting rights of existing holders of Common Stock and will also dilute earnings per share and book value per share.

Anti-Takeover Effects

The proposed amendment to our Articles of Organization to increase the number of our authorized shares of Common Stock could, under certain circumstances, have an anti-takeover effect, although this is not the intent of the Board of Directors. For example, it may be possible for the Board of Directors to delay or impede a takeover or transfer of control of the Company by causing such additional authorized shares to be issued to holders who might side with the Board of Directors in opposing a takeover bid that the Board of Directors determines is not in the best interests of the Company and its stockholders. The amendment to our Articles of Organization therefore may have the effect of discouraging unsolicited takeover attempts. By potentially discouraging initiation of any such unsolicited takeover attempt, the proposed amendment may limit the opportunity for our stockholders to dispose of their shares at the higher price generally available in takeover attempts or that may be available under a merger proposal. The proposed amendment may have the effect of permitting our current management, including the current Board of Directors, to retain its position, and place it in a better position to resist changes that stockholders may wish to make if they are dissatisfied with the conduct of the Company's business. The Board of Directors, however, is not aware of any attempt to take control of the Company and the Board of Directors has not presented this proposal with the intent that it be utilized as a type of anti-takeover device. There are other provisions currently in the Company's Articles of Organization, Bylaws and Massachusetts law which could have an anti-takeover effect. A summary of these provisions is set forth below.

Massachusetts Law

Control Share Acquisition Law. Under Chapter 110D of the Massachusetts General Laws governing “control share acquisitions,” any stockholder of certain publicly-held Massachusetts corporations who acquires certain ranges of voting power — one-fifth or more but less than one-third of all voting power, one-third or more but less than a majority of all voting power, or a majority or more of all voting power — may not (except in certain transactions) vote such stock unless the stockholders (excluding the shares held by the interested stockholders) of the corporation so authorize. As permitted by Chapter 110D, our Bylaws include a provision which excludes the Company from the applicability of that statute.

Business Combination Statute. Chapter 110F of the Massachusetts General Laws, entitled “Business Combinations with Interested Shareholders,” applies to publicly-held Massachusetts corporations with 200 or more stockholders of record. Generally, this statute prohibits such Massachusetts corporations from engaging in a “business combination” with an “interested shareholder” for a period of three years following the date of the transaction in which the person becomes an interested shareholder unless (a) the interested shareholder obtains the approval of the corporation’s Board of Directors prior to becoming an interested shareholder; (b) the interested shareholder acquires at least 90% of the voting stock of the corporation (excluding shares held by certain affiliates of the corporation) outstanding at the time he becomes an interested shareholder; or (c) the business combination is both approved by the Board of Directors and authorized at an annual or special meeting of stockholders by the holders of at least two-thirds of the outstanding voting stock of the corporation (excluding shares held by the interested shareholder). An “interested shareholder” is a person who, together with affiliates and associates, owns (or at any time within the prior three years did own) 5% or more of the outstanding voting stock of the corporation. A “business combination” includes, among other transactions, a merger, stock or asset sale and other transactions resulting in a financial benefit to the stockholder. Our Articles of Organization and Bylaws do not expressly provide for opting out of the provisions of Chapter 110F. As a result, the application of this statute to the Company could discourage or make it more difficult for any person or group of persons to attempt to obtain control over the Company. We may at any time amend our Articles of Organization or Bylaws to elect not to be governed by Chapter 110F, by a vote of the holders of a majority of our outstanding Common Stock, but such an amendment would not be effective for twelve months and would not apply to a business combination with any person who became an interested shareholder prior to the date of the amendment.

Certain Provisions of the Company’s Articles of Organization, Bylaws and Shareholder Rights Plan

Our Articles of Organization include several provisions which may render more difficult an unfriendly tender offer, proxy contest, merger or other change in control of our ownership.

Preferred Stock. Our Articles of Organization permit our Board of Directors to issue preferred stock in one or more series and to fix the rights, preferences, privileges and restrictions thereof, without further vote or action by the stockholders. The issuance of preferred stock may have the effect of delaying, deferring or preventing a change in control of the Company and may adversely affect the voting and other rights of the holders of our Common Stock.

Classification of Board of Directors. Our Articles of Organization provide for the classification of our Board of Directors into three classes, with the classes being elected for staggered three-year terms. At each annual meeting of stockholders, directors will be elected to succeed those in the class whose term then expires, and each elected director shall serve for a term expiring at the third succeeding annual meeting of stockholders after such director’s election, and until the director’s successor is elected and qualified. Thus, directors stand for election only once in three years. This provision also restricts the ability of stockholders to enlarge the Board of Directors. Changes in the number of directors may be effected by a vote of a majority of the Continuing Directors (as defined in our Articles of Organization) or by the stockholders by vote of at least 80% of our outstanding Common Stock, voting as a single class. Under this provision, directors may only be removed with or without cause by the affirmative vote of the holders at least 80% of the combined voting power of the outstanding shares of our Common Stock, voting together as a single class, or upon the vote of a majority of the Continuing Directors.

Fair Price Provision. Our Articles of Organization contain a “Fair Price Provision” that is intended to protect stockholders who do not tender their shares in a takeover bid by guaranteeing them a minimum price for their shares in any subsequent attempt to purchase such remaining shares at a price lower than the acquirer’s original acquisition price. The Fair Price Provision requires the affirmative vote of the holders of at least 80% of our outstanding Common Stock for certain business combinations with a Related Person (as defined in our Articles of Organization), unless specified price criteria and procedural requirements are met or the business combination is approved by a majority of the Continuing Directors. A Related Person includes a person who, together with affiliates and associates beneficially owns more than 5% of the Company’s outstanding Common Stock.

Indemnification Provision. Our Articles of Organization provide that we may, either in our Bylaws or by contract, provide for the indemnification of our directors, officers, employees and agents, by whomever elected or appointed, to the fullest extent permitted by applicable law, as it may be amended from time to time.

No Appraisal Rights. Under the Massachusetts Business Corporation Act, stockholders will not be entitled to appraisal rights with respect to the proposed amendment to our Articles of Organization to increase the number of our authorized shares of Common Stock, and we do not intend to independently provide stockholders with any such right.

Vote Required

The affirmative vote of the holders of two-thirds of the shares of the Company’s Common Stock issued and outstanding and entitled to vote is required to approve the amendment of our Articles of Organization to increase the number of authorized shares of Common Stock by up to 50 million shares.

Board Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE “**FOR**” PROPOSAL NO. 3, THE APPROVAL OF THE AMENDMENT TO OUR ARTICLES OF ORGANIZATION TO INCREASE THE NUMBER OF OUR AUTHORIZED SHARES OF COMMON STOCK BY UP TO 50 MILLION SHARES.

PROPOSAL NO. 4

APPROVAL OF AMENDMENT TO THE COMPANY'S ARTICLES OF ORGANIZATION TO EFFECT A REVERSE STOCK SPLIT

Introduction

Our Board of Directors is recommending that our stockholders approve an amendment to our Articles of Organization to effect a reverse stock split of the Company's outstanding shares of Common Stock at a ratio within a range of 1:2 to 1:20 for the purpose of assisting the Company in meeting the listing requirements of the Nasdaq Capital Market or another exchange. If this proposal is approved, our Board of Directors or a committee thereof will have the authority and discretion to decide, within twelve months from the Meeting, whether to implement the split and the exact amount of the split within this range, if it is to be implemented. If our Board of Directors decides to implement the split, it will become effective upon the filing of an amendment to our Articles of Organization with the Secretary of the Commonwealth of the Commonwealth of Massachusetts (the "Effective Date"). If the reverse stock split is implemented, the number of issued and outstanding shares of Common Stock would be reduced in accordance with the exchange ratio selected by the Board of Directors or committee thereof. The total number of authorized shares of Common Stock would remain unchanged. The form of amendment to our Articles of Organization to effect the reverse stock split is attached as *Annex A* to this proxy statement.

Purpose and Background of the Reverse Stock Split

The primary objective in proposing the reverse stock split is to raise the per share trading price of our Common Stock for the purpose of assisting the Company in meeting the listing requirements of the Nasdaq Capital Market or another exchange. In addition, the reverse split would also have the effect of increasing the number of shares of Common Stock available for future issuance, as described below. Our Board of Directors believes that the reverse stock split would, among other things, (i) better enable us to apply for the listing of our Common Stock on the Nasdaq Capital Market, and (ii) better enable us to raise funds to finance our operations. Our Board of Directors believes implementing a reverse split within the range of 1:2 to 1:20 is in the best interests of the Company if done for assisting the Company in meeting the listing requirements of the Nasdaq Capital Market or another exchange.

Our Common Stock is currently traded over-the-counter on the OTC Markets QB exchange. The closing sale price of our Common Stock on October 28, 2016 was \$0.32 per share. Our Board of Directors believes that a reverse stock split could help us meet the listing requirements necessary in order to list our Common Stock on the Nasdaq Capital Market or another exchange. Our Board of Directors believes that the reverse stock split could also facilitate our efforts to raise capital to fund our operations. As previously disclosed in our periodic reports filed with the SEC, we will need to raise additional capital and may elect to do so through the issuance of equity securities. The reverse stock split would reduce the number of shares of Common Stock outstanding without reducing the total number of authorized shares of Common Stock. As a result, we would have a larger number of authorized but unissued shares from which to issue additional shares of Common Stock, or securities convertible or exercisable into shares of Common Stock, in equity financing transactions.

We currently have no immediate intended uses for the additional shares that would be available for issuance following the reverse stock split. However, based on our current business plan, we will require significant additional capital to fund our operations. As of the date of this proxy statement, however, we have no such plans, agreements or understandings in place with respect to any potential sources of funds. The purpose of seeking stockholder approval of a range of exchange ratios from 1:2 to 1:20 (rather than a fixed exchange ratio) is to provide us with the flexibility to achieve the desired results of the reverse stock split. If our stockholders approve this proposal, our Board of Directors or a committee thereof would effect a reverse stock split only upon the Board of Directors or committee's determination that a reverse stock split would be in the best interests of the Company at that time. If our Board of Directors were to effect a reverse stock split, the Board of Directors would set the timing for such a split and select the specific ratio within the range of 1:2 to 1:20. No further action on the part of stockholders would be required to either implement or abandon the reverse stock split. If our stockholders approve the proposal, and the Board of Directors or a committee of the Board of Directors determines to effect the reverse stock split, we would communicate to the public, prior to the Effective Date, additional details regarding the reverse stock split, including the specific ratio selected by the Board or committee. If our Board of Directors or a committee thereof does not implement the reverse stock split within twelve months from the Meeting, the authority granted in this proposal to implement the reverse stock split will terminate. Our Board of Directors reserves its right to elect not to proceed with the reverse stock split if it determines, in its sole discretion, that this proposal is no longer in the best interests of the Company.

Material Effects of Proposed Reverse Stock Split

Our Board of Directors believes that the reverse stock split will increase the price level of our Common Stock in order to, among other things, help us apply for listing with the Nasdaq Capital Market or another exchange. The Board of Directors cannot predict, however, the effect of the reverse stock split upon the market price for the Common Stock, and the history of similar reverse stock splits for companies in like circumstances is varied. The market price per share of Common Stock after the reverse stock split may not rise in proportion to the reduction in the number of shares of Common Stock outstanding resulting from the reverse stock split, which would reduce the market capitalization of the Company. The market price per post-reverse stock split share may not remain in excess of the minimum bid price as required by the Nasdaq Capital Market, or we may not otherwise meet the additional requirements for listing on the Nasdaq Capital Market or another exchange. The market price of the Common Stock may also be based on our performance and other factors, the effect of which our Board of Directors cannot predict.

The reverse stock split will affect all of our stockholders uniformly and will not affect any stockholder's percentage ownership interests or proportionate voting power, except to the extent that the reverse stock split results in any of stockholders owning a fractional share. In lieu of issuing fractional shares, stockholders who otherwise would be entitled to receive fractional shares because they hold a number of shares not evenly divisible by the reverse stock split ratio will automatically be entitled to receive an additional fraction of a share of Common Stock to round up to the next whole share.

The principal effects of the reverse stock split will be that (i) the number of shares of Common Stock issued and outstanding will be reduced from 30,468,862 shares as of October 28, 2016 to a range of approximately 15,234,431 (1:2 reverse split ratio) to 1,523,443 (1:20 reverse split ratio) shares, depending on the exact split ratio chosen by our Board of Directors or a committee thereof, (ii) the conversion ratio for all outstanding shares of our issued and outstanding Preferred Stock will be adjusted such that the number of shares of Common Stock issuable upon the conversion of such Preferred Stock will be reduced to one-half to one-twentieth of the number of shares of Common Stock that were issuable upon conversion of such Preferred Stock immediately before the Effective Date, (iii) all outstanding options and warrants entitling the holders thereof to purchase shares of Common Stock will enable such holders to purchase, upon exercise of their options or warrants, one-half to one-twentieth of the number of shares of Common Stock which such holders would have been able to purchase upon exercise of their options or warrants immediately preceding the reverse stock split, at an exercise price equal to two to twenty times the exercise price specified before the reverse stock split, resulting in the same aggregate price being required to be paid upon exercise thereof immediately preceding the reverse stock split and (iv) the number of shares reserved for issuance pursuant to the 2005 Equity Incentive Plan, the 2013 Equity Incentive Plan, and the 2015 Non-Qualified Stock Option Plan of additional awards will be reduced to one-half to one-twentieth of the number of shares currently included in each such plan.

The reverse stock split will not affect the par value of the Common Stock. As a result, on the Effective Date of the reverse stock split, the stated capital on the Company's balance sheet attributable to the Common Stock will be reduced to one-half to one-twentieth of its present amount, depending on the exact amount of the split, and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced. The per share net income or loss and net book value of the Common Stock will be retroactively increased for each period because there will be fewer shares of Common Stock outstanding.

The amendment will not change the terms of the Common Stock. After the reverse stock split, the shares of Common Stock will have the same voting rights and rights to dividends and distributions and will be identical in all other respects to the Common Stock now authorized. Each stockholder's percentage ownership of the new Common Stock will not be altered except for the effect of eliminating fractional shares. The Common Stock issued pursuant to the reverse stock split will remain fully paid and non-assessable. The reverse stock split is not intended as, and will not have the effect of, a "going private transaction" covered by Rule 13e-3 under the Exchange Act. Following the reverse stock split, we will continue to be subject to the periodic reporting requirements of the Exchange Act.

The reverse stock split will not change the number of issued and outstanding shares of our Series D Preferred Stock, Series G Preferred Stock, Series H Preferred Stock, Series J Preferred Stock, and Series K Preferred Stock (collectively, the “Preferred Stock”) or the terms of the Preferred Stock, except that the conversion ratio for all issued and outstanding shares of the Preferred Stock will be adjusted upon the Effective Date, such that the number of shares of Common Stock issuable upon the conversion of the Preferred Stock will be reduced to one-half to one-twentieth of the number of shares of Common Stock that were issuable upon conversion of the Preferred Stock immediately before the Effective Date.

Because we will not reduce the number of authorized shares of Common Stock, the overall effect will be an increase in authorized but unissued shares of Common Stock as a result of the reverse stock split. These shares may be issued at the Board’s discretion. Any future issuances will have the effect of diluting the percentage of stock ownership and voting rights of the present holders of Common Stock. If the reverse stock split is not approved, we may be unable to raise additional capital. Because the reverse split will not reduce the number of our authorized shares of Common Stock, the effect of such increase in our authorized but unissued shares of Common Stock could be viewed, under certain circumstances, to have an anti-takeover effect, although this is not the intent of the Board of Directors. For a discussion of potential anti-takeover effects, please see the discussion under the heading “Anti-Takeover Effects” in Proposal No. 3.

The reverse stock split would result in some stockholders owning “odd-lots” of less than 100 shares of our Common Stock. Brokerage commissions and other costs of transactions in odd-lots are generally higher than the costs of transactions in “round-lots” of even multiples of 100 shares.

Procedure for Effecting Reverse Stock Split and Exchange of Stock Certificates

If the reverse stock split is approved by our stockholders, and our Board of Directors or a committee thereof determines it is in the best interests of the Company to effect the split, the reverse stock split would become effective at such time as the amendment to our Articles of Organization, the form of which is attached as *Annex A* to this proxy statement, is filed with the Secretary of the Commonwealth of the Commonwealth of Massachusetts. Upon the filing of the amendment, all of our existing Common Stock will be converted into new Common Stock as set forth in the amendment.

As soon as practicable after the Effective Date, stockholders will be notified that the reverse stock split has been effected. Computershare Trust Company, our transfer agent, will act as exchange agent for purposes of implementing the exchange of stock certificates. Holders of pre-reverse stock split shares will be asked to surrender to the exchange agent certificates representing pre-reverse stock split shares in exchange for certificates representing post-reverse stock split shares in accordance with the procedures to be set forth in a letter of transmittal that will be delivered to the Company’s stockholders. No new certificates will be issued to a stockholder until the stockholder has surrendered to the exchange agent his, her or its outstanding certificate(s) together with the properly completed and executed letter of transmittal. **STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATES AND SHOULD NOT SUBMIT ANY CERTIFICATES UNTIL REQUESTED TO DO SO.** Stockholders whose shares are held by their broker or representative do not need to submit old share certificates for exchange. These shares will automatically reflect the new quantity of shares based on the reverse stock split. Beginning on the Effective Date, each certificate representing pre-reverse stock split shares will be deemed for all corporate purposes to evidence ownership of post-reverse stock split shares.

Fractional Shares

The Company will not issue fractional certificates for post-reverse stock split shares in connection with the reverse stock split. In lieu of issuing fractional shares, stockholders who otherwise would be entitled to receive fractional shares because they hold a number of shares not evenly divisible by the reverse stock split ratio will automatically be entitled to receive an additional fraction of a share of Common Stock to round up to the next whole share.

Criteria to be Used for Decision to Apply the Reverse Stock Split

If the stockholders approve the reverse stock split, our Board of Directors or a committee thereof will be authorized to proceed with the reverse stock split. In determining whether to proceed with the reverse stock split and setting the exact amount of split, if any, our Board of Directors or committee thereof will consider a number of factors, including market conditions, existing and expected trading prices of our Common Stock, the Nasdaq Capital Market listing requirements, the listing requirements of other exchanges we may consider, our funding requirements and the amount of our authorized but unissued Common Stock.

No Appraisal Rights

Under the Massachusetts Business Corporation Act, stockholders will not be entitled to appraisal rights with respect to the proposed amendment to our Articles of Organization to effect the reverse stock split, and we do not intend to independently provide stockholders with any such right.

Certain U.S. Federal Income Tax Consequences of the Reverse Stock Split

The following summary describes certain material U.S. federal income tax consequences of the reverse stock split to holders of our Common Stock.

Unless otherwise specifically indicated herein, this summary addresses the tax consequences only to a beneficial owner of our Common Stock that is a citizen or individual resident of the United States, a corporation organized in or under the laws of the United States or any state thereof or the District of Columbia or otherwise subject to U.S. federal income taxation on a net income basis in respect of our Common Stock (a "U.S. holder"). This summary does not address all of the tax consequences that may be relevant to any particular investor, including tax considerations that arise from rules of general application to all taxpayers or to certain classes of taxpayers or that are generally assumed to be known by investors. This summary also does not address the tax consequences to (i) persons that may be subject to special treatment under U.S. federal income tax law, such as banks, insurance companies, thrift institutions, regulated investment companies, real estate investment trusts, tax-exempt organizations, U.S. expatriates, persons subject to the alternative minimum tax, traders in securities that elect to mark to market and dealers in securities or currencies, (ii) persons that hold our Common Stock as part of a position in a "straddle" or as part of a "hedging," "conversion" or other integrated investment transaction for federal income tax purposes, or (iii) persons that do not hold our Common Stock as "capital assets" (generally, property held for investment).

This summary is based on the provisions of the Internal Revenue Code of 1986, as amended, U.S. Treasury regulations, administrative rulings and judicial authority, all as in effect as of the date of this proxy statement. Subsequent developments in U.S. federal income tax law, including changes in law or differing interpretations, which may be applied retroactively, could have a material effect on the U.S. federal income tax consequences of the reverse stock split.

If a partnership (or other entity classified as a partnership for U.S. federal income tax purposes) is the beneficial owner of our Common Stock, the U.S. federal income tax treatment of a partner in the partnership will generally depend on the status of the partner and the activities of the partnership. Partnerships that hold our Common Stock, and partners in such partnerships, should consult their own tax advisors regarding the U.S. federal income tax consequences of the reverse stock split.

U.S. Holders

The reverse stock split should be treated as a recapitalization for U.S. federal income tax purposes. Therefore, no gain or loss will be recognized upon the reverse stock split. Accordingly, the aggregate tax basis in the Common Stock received pursuant to the reverse stock split should equal the aggregate tax basis in the Common Stock surrendered, and the holding period for the Common Stock received should include the holding period for the Common Stock surrendered.

Non-U.S. Holders

The discussion in this section is addressed to “non-U.S. holders.” A non-U.S. holder includes a beneficial owner of our Common Stock that is a foreign corporation or who is a non-resident alien individual. Generally, non-U.S. holders will not recognize any gain or loss upon the reverse stock split.

Each stockholder should consult his, her or its own tax advisers concerning the particular U.S. federal tax consequences of the reverse stock split, as well as the consequences arising under the laws of any other taxing jurisdiction, including any state, local or foreign income tax consequences.

To ensure compliance with Treasury Department Circular 230, each holder of Common Stock is hereby notified that: (a) any discussion of U.S. federal tax issues in this proxy statement is not intended or written to be used, and cannot be used, by such holder for the purpose of avoiding penalties that may be imposed on such holder under the Internal Revenue Code of 1986, as amended; (b) any such discussion has been included by the Company in furtherance of the reverse stock split on the terms described herein; and (c) each such holder should seek advice based on its particular circumstances from an independent tax advisor.

Vote Required

The affirmative vote of the holders of two-thirds of the shares of the Company’s Common Stock issued and outstanding and entitled to vote is required to approve the amendment of our Articles of Organization to effect a reverse stock split of the Common Stock in the range of 1:2 to 1:20.

Board Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE “**FOR**” PROPOSAL NO. 4, THE APPROVAL OF THE AMENDMENT TO OUR ARTICLES OF ORGANIZATION TO EFFECT A REVERSE STOCK SPLIT.

PROPOSAL NO. 5

NON-BINDING ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act amended Section 14A of the Securities Exchange Act of 1934 and related SEC regulations require that, at least once every three years, we provide our shareholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of our Named Executive Officers as disclosed in this proxy statement in accordance with the Compensation disclosure rules of the SEC. We first held this vote, which is often referred to as the Say-on-Pay vote, at a special meeting of shareholders held on December 12, 2013. At such meeting, our shareholders voted to hold the frequency of our Say-on-Pay vote every three years. The Company will hold future non-binding advisory votes on the compensation of our named executive officers every three years, at least until the next required vote of frequency of shareholder votes on the compensation of our named executive officers. Such Say-on-Frequency vote must occur no later than the annual or other meeting of shareholders held in the sixth calendar year after the immediately preceding Say-on-Frequency vote (annual meeting held on December 12, 2013). An issuer could hold a Say-on-Frequency vote more frequently than every six years if it elects to do so.

As described in more detail in Proposal No. 1, under Executive Compensation, we seek to closely align the interests of our Named Executive Officers with the interests of our shareholders. Our compensation programs are designed to reward our Named Executive Officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total shareholder return. This vote is advisory, which means that the vote on executive compensation is not binding on the Company, our Board of Directors or the Compensation Committee of the Board of Directors. However, we welcome input from our shareholders regarding executive compensation and other matters related to the company's success generally. We believe in a corporate governance structure that is responsive to shareholder concerns and we view this vote as a meaningful opportunity to gauge shareholder approval of our executive compensation policies.

Vote Required

The affirmative vote of the holders of a plurality of the votes cast by stockholders at the Meeting is required to approve, on an advisory basis, the executive of the Company's Named Executive Officers.

Board Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "**FOR**" PROPOSAL NO. 5, TO APPROVE AND VOTE "**FOR**" THE FOLLOWING NON-BINDING RESOLUTION AT OUR MEETING:

"RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2016 Special Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Summary Compensation Table and the other related tables and disclosure."

PROPOSAL NO. 6

THE ADJOURNMENT PROPOSAL

The Meeting may be adjourned to another time or place, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes at the time of the Meeting to approve any of Proposal Nos. 1 through 5. The Meeting may be adjourned from time to time to a date that is not more than 120 days after the original record date for the Meeting.

If, at the Meeting, the number of shares of Common Stock present or represented and voting in favor of the approval of any of Proposal Nos. 1 through 5 is not sufficient to approve that proposal, we currently intend to move to adjourn the Meeting in order to enable our Board of Directors to solicit additional proxies for the approval of any of Proposal Nos. 1 through 5. In that event, we will ask our stockholders to vote only upon the adjournment proposal, and not upon any of Proposal Nos. 1 through 5.

In this proposal, we are asking our stockholders to authorize the holder of any proxy solicited by our Board of Directors to vote in favor of granting discretionary authority to the proxy holders, and each of them individually, to adjourn the Meeting to another time and place for the purpose of soliciting additional proxies. If the stockholders approve the adjournment proposal, we could adjourn the Meeting and any adjourned session of the Meeting and use the additional time to solicit additional proxies, including the solicitation of proxies from stockholders who have previously voted.

Vote Required for Approval

If the proposal to adjourn the Meeting for the purpose of soliciting additional proxies is submitted to the stockholders for approval, such proposal will be approved by the affirmative vote of a majority of the votes cast at the Meeting.

Recommendation of the Board

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE “**FOR**” PROPOSAL NO. 6, AS TO THE ADJOURNMENT OF THE MEETING IF NECESSARY OR APPROPRIATE TO SOLICIT ADDITIONAL PROXIES IN FAVOR OF THE APPROVAL OF ANY OF PROPOSAL NOS. 1 THROUGH 5.

OTHER MATTERS

Transactions with Related Persons

None.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's executive officers and directors, and persons who own more than 10% of the Company's Common Stock, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC.

Based solely on the Company's review of the copies of such Forms and written representations from certain reporting persons, the Company believes that all filings required to be made by the Company's Section 16(a) reporting persons during the Company's fiscal year ended December 31, 2015 were made on a timely basis.

Other Proposed Action

The Board of Directors knows of no matters which may come before the Meeting other than the matters described in this proxy statement. However, if any other matters should properly be presented to the Meeting, the persons named as proxies shall have discretionary authority to vote the shares represented by the accompanying proxy in accordance with their own judgment.

Stockholder Proposals

Proposals which stockholders intend to present at the Company's 2017 Annual Meeting of Stockholders ("2017 Annual Meeting") and wish to have included in the Company's proxy materials pursuant to Rule 14a-8 promulgated under the Exchange Act, must be received by the Company no later than July 24, 2017. If the date of next year's annual meeting is moved by more than 30 days before or after the anniversary date of this year's annual meeting, then the deadline for inclusion of a stockholder proposal in the Company's proxy materials is instead a reasonable time before the Company begins to print and send its proxy materials for that meeting.

Stockholders who wish to make a proposal at the Company's 2017 Annual Meeting, other than one that will be included in the Company's proxy materials, should notify the Company no later than December 6, 2017 (assuming the meeting is held on December 21, 2017), unless the date of next year's annual meeting is moved by more than 30 days before or after the anniversary date of this year's annual meeting, in which case the notice must be received a reasonable time before the Company sends its proxy materials for that meeting. If a proponent who wishes to present such a proposal at the 2017 Annual Meeting fails to notify the Company by the proper date, the proxies solicited by the Board of Directors, with respect to such 2017 Annual Meeting, may grant discretionary authority to the proxies named therein, to vote with respect to such matter if such matter is properly brought before the 2017 Annual Meeting. If a stockholder makes a timely notification, the proxies may still exercise discretionary authority under circumstances consistent with the proxy rules of the SEC.

Stockholders may make recommendations to the Nominating Committee of candidates for its consideration as nominees for director at the 2017 Annual Meeting by submitting the name, qualifications, experience, and background of such person, together with a statement signed by the nominee in which he or she consents to act as such, to the Nominating Committee, c/o Clerk, Pressure BioSciences, Inc., 14 Norfolk Avenue, South Easton, MA 02375. Generally, under the Company's Bylaws, notice of such recommendations must be submitted in writing not later than 90 days prior to the anniversary date of the immediately preceding annual meeting or special meeting in lieu thereof and must contain specified information and conform to certain requirements set forth in the Company's Bylaws. Annex A

**Form of Amendment to
Article IV of Articles of Organization
to Effect Reverse Stock Split**

That, the Corporation's Restated Articles of Organization, as amended, be further amended by inserting the following in Article IV:

Upon the filing (the "Effective Time") of these Articles of Amendment with the Secretary of the Commonwealth of the Commonwealth of Massachusetts pursuant to the Massachusetts Business Corporation Act, each _____ (_____) shares of the Corporation's common stock, \$.01 par value per share, issued and outstanding immediately prior to the Effective Time (the "Old Common Stock") shall automatically without further action on the part of the Corporation or any holder of Old Common Stock, be reclassified, combined, converted and changed into one (1) fully paid and nonassessable share of common stock, \$0.01 par value per share (the "New Common Stock"), subject to the treatment of fractional share interests as described below (the "Reverse Stock Split"). The conversion of the Old Common Stock into New Common Stock will be deemed to occur at the Effective Time. From and after the Effective Time, certificates representing the Old Common Stock shall represent the number of shares of New Common Stock into which such Old Common Stock shall have been converted pursuant to these Articles of Amendment. No certificates representing fractional shares of New Common Stock will be issued in connection with the Reverse Stock Split. Holders who otherwise would be entitled to receive fractional share interests of New Common Stock because they hold a number of shares not evenly divisible by the Reverse Stock Split ratio will automatically be entitled to receive an additional fraction of a share of New Common Stock to round up to the next whole share of New Common Stock in lieu of any fractional share created as a result of such Reverse Stock Split.
